Signature:	

The following sections should be completed by all staff who need to be made aware of and abide by the findings of the Risk Assessment. NB: If, as a result of a review, changes are made to the Risk Assessment the relevant box on the attached page should be completed as appropriate by the staff concerned.

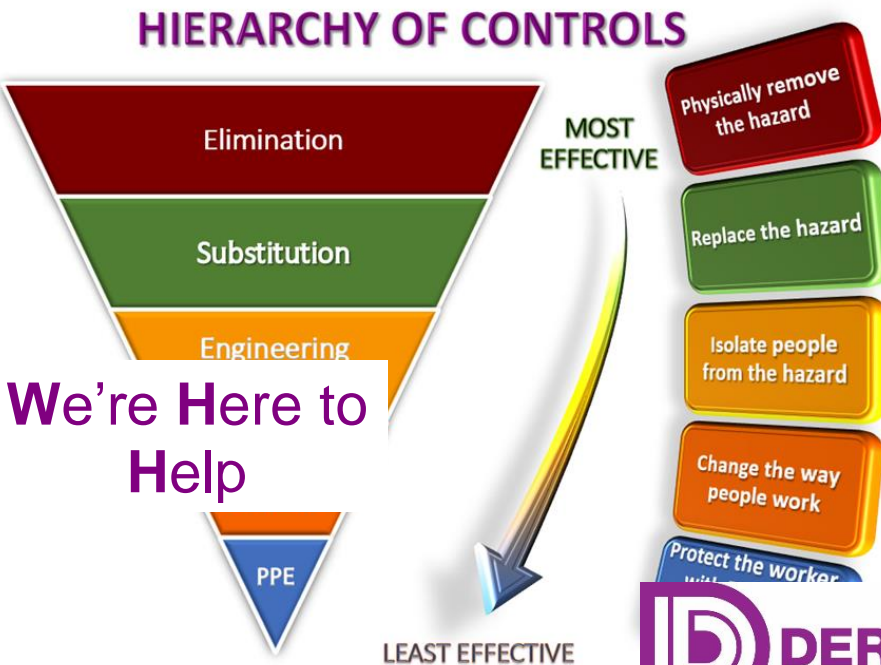

## Preparation Steps for Full Opening

This Coronavirus (COVID-19) Full Opening (September 2020) Risk Assessment sets out a risk control framework for you to adapt to your school/setting following an overarching principle to reduce the number of contacts between children and staff.

When completing your risk assessment, you should always use the risk assessment hierarchy of controls principal (below) to guide you.

It is important to remember that the smaller you can get the groups 'bubbles' whilst delivering a broad and balanced curriculum, the more effective your management of cross infection will be, and this will prove evident in the event of a confirmed COVID-19 case.

These decisions and measures you put in place will prepare the school/setting for the full opening and establish a platform for the school to continually operate in a safe way, so far as is reasonably practicable.

If you need any assistance, please do not hesitate to contact your Health and Safety Consultant.

(Health & Safety Section | Children Services)  
 Communities & Policy.

## RISK ASSESSMENT – TO BE USED WITH EXISTING RISK ASSESSMENTS & CURRENT GOVERNMENT GUIDANCE

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Unsafe Buildings  <i>Operating in a different manner to normal operations</i>	Senior Leadership Team / Site Management Team have held meetings to review the school site and specify entry/exit points and classroom use.			➤ All internal doors are securely tied back. This allows flow of air throughout the building. ➤ All fire doors remain closed due to having an automatic release in the event of a fire.		
	All the usual pre-term building checks are undertaken to make the school safe and all statutory inspections are up to date and compliant e.g. <ul style="list-style-type: none"> <li>Water treatments</li> <li>Fire alarm testing</li> <li>Repairs</li> <li>Grass cutting</li> <li>Portable appliance testing</li> <li>Fridges and freezers</li> <li>Boiler/ heating servicing</li> <li>Internet services</li> <li>Any other statutory inspections</li> <li>Insurance covers reopening arrangements</li> </ul>					
	Contact is made with Property Services/Facilities Management/Trust if any problems are identified.					
	Entry and exit routes to the school are in place, any physical changes and/or signage required to allow social distancing are in place, including arrangements for any deliveries.					
	The operational Fire risk assessment has been reviewed and appropriate controls are in place.					
	The school/setting has a system for knowing who is in the school when open.					
	Staff know how the fire alarm system works (and back up method of raising the alarm is considered if necessary).					
	All door closers have been checked and adjusted/tensioned to ensure the door closes gently instead of slamming.					
All fire doors that are kept open are held open by a suitable fire door retainer that releases the door automatically in the event of a fire.						

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Unsafe Buildings</p> <p><i>Operating in a different manner to normal operations</i></p>	<p>Fire drills are undertaken and recorded</p> <ul style="list-style-type: none"> <li>• Someone is in charge to coordinate the fire drill and communicate with others who might be using other areas of the site (additional fire marshals are used where required)</li> <li>• A known fire drill is done first to reassure staff and pupils.</li> <li>• Social distancing is aimed for at all times during the fire drill, including the final assembly point(s).</li> <li>• One or more external areas of the school are used to achieve social distancing</li> <li>• A debrief is undertaken to share any lessons learnt</li> </ul> <p>Alarm point checks are recorded.</p> <p>There is an evacuation plan that ensures the areas being used are clear and everyone has exited the building should the alarm go off.</p> <p>Staff know where utility isolation points and firefighting equipment are.</p> <p>Personal Emergency Evacuation Plans are in place for pupils/staff who need assistance to evacuate the building.</p> <p>A risk assessment review has been undertaken to take account of the new situation relating to the change in the nature of the provision being made and the provisions of COVID-19 Government guidance so far as is reasonably practicable.</p> <p>Staying COVID-19 Secure notice is displayed for (non-teaching/childcare work areas e.g. office) to show staff that the school has complied with managing the risk of coronavirus (COVID-19) where possible. Click on the link to download the Staying COVID-19 Secure notice <a href="https://www.gov.uk/government/publications/staying-covid-19-secure-in-2020-notice">https://www.gov.uk/government/publications/staying-covid-19-secure-in-2020-notice</a></p>	<p>✓</p>	<p></p>	<p>➤</p>	<p></p>	<p></p>

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Lack of hygiene provision and effective cleaning	Additional cleaning schedule is agreed and implemented with site staff/cleaners/cleaning contractors, which minimises the spread of infection, making full use of timetable breaks, between lunch groups, before and after school.			➤		
	Working hours for cleaning staff are increased in agreement with staff.					
	Site staff/cleaners follow (existing) cleaning procedures and risk assessments with special attention given to frequently touched surfaces (contact points) e.g. light switches, handrails, door handles, toilets etc.					
	Classrooms, desks and chairs are cleaned at the end of the of the day and between different groups using the same furniture.					
	To facilitate cleaning, unnecessary items are stored safely, including those stored in the classroom.					
	All areas used for eating are thoroughly cleaned at the end of each sitting/break, including chairs, door handles, and payment devices.					
	Outdoor playground equipment is cleaned between different groups 'bubbles' and also for resources used inside and outside by wraparound care providers (further information available in the Trim Trail and use of outdoor play equipment section of this risk assessment).					
	Hand sanitisers are located at key points where handwashing is not viable i.e. entrance/reception/delivery drop off areas for staff and visitors to use.					
	The toilets are cleaned frequently to take account for the number of pupils accessing the facilities.					
	To evidence the cleaning routine a tick sheet is signed and dated by the person carrying out the cleaning for each area.					
Soap dispensers and hand towels within toilet areas are fully stocked at the start of each day and regular checks are made throughout the day to ensure adequate supply.						

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Lack of hygiene provision during deliveries</p>	<p>Vending machines are taken out of use for the foreseeable future as continual hygiene cannot be maintained.</p>			<p>➤</p>		
	<p>The school/setting would pursue;</p> <ul style="list-style-type: none"> <li>• replacement/cover site staff if the duties are contracted in</li> <li>• sharing site staff support from another school/setting</li> <li>• external cleaning services</li> <li>• temporary workers if alternative arrangements cannot be made.</li> </ul>					
	<p>If identified areas cannot be cleaned, the school/setting will contact the Local Authority/Trust for further advice before making decisions to temporarily close on health and safety grounds.</p>					
	<p>When placing orders for delivery, the company is informed of the school's protocol for accepting deliveries.</p>					
	<p>Deliveries are kept to a minimum where possible.</p>					
	<p>Contact between staff and delivery staff/drivers is minimised through temporary drop off and pick up zones.</p>					
	<p>Staff do not let delivery staff/drivers come into the school building unless it is essential for the delivery or for them to use a toilet whereby, they use hand sanitiser before entering the building.</p>					
	<p>While packaging is not known to present a specific risk, delivery containers/packaging are cleaned entering the site and handled in line with usual manual handling safety practices and hands are washed immediately after handling</p>					
	<p>Staff will wash/sanitise (alcohol hand gel 60% minimum) their hands immediately if they sign for any deliveries.</p>					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Planning shortcomings	<p>The school 'CORONAVIRUS (COVID-19) – Schools Full Opening risk assessment' is reviewed regularly &amp; when there are significant changes.</p> <p>Governors are clear on their role in providing support to Headteachers/ leaders in the current situation and the full opening of the school.</p> <p>Headteachers/leaders are clear on what Governors need to know and how frequently they receive information.</p> <p>Governors are satisfied that health and safety arrangements for COVID-19 are in place and in line with DfE guidelines.</p> <p>Communication between Headteachers and Governors is clear and understood and virtual governing body meetings are undertaken.</p> <p>Head Teacher/Manager ensures daily checks are made with Derbyshire County Council Health and Safety S4S Resources page and Government updates (including H&amp;S COVID-19 FAQ's).</p> <p>Union representatives are consulted on full opening plans.</p> <p>A record (including contact details) is kept of all visitors for 21 days.</p> <p>In addition to the Government guidance and Derbyshire County Council risk assessments, the school/setting will actively carry out dynamic risk assessments as part of our work and take steps which we believe are the most prudent to limit Covid-19 spread.</p> <p>When risk assessments are reviewed and updated, these are shared with employees, particularly relating to Coronavirus infection and the possibility that PPE may be required.</p> <p>All staff with underlying health issues or those within vulnerable groups have been asked to make their condition known to the Headteacher/Manager.</p> <p>The school/setting communicates appropriately with their most vulnerable pupils and a risk mitigation form is completed for all pupils with an EHCP to ensure necessary support is provided.</p>			<p>➤ SBO monitors S4S for daily updates regarding any changes to be made to relevant documentation</p> <p>➤ Head teacher accesses Area Headteacher meetings and subsequent notes made by the LA</p>		

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Planning shortcomings</p>	Contingency planning with Local Authority is in place and additional resource identified.			➤		
	Full use is made of those staff who are self-isolating or shielding but who are well enough to teach lessons online.					
	All staff and pupils (visitors) are informed of the rules and procedures for social distancing and hygiene precautions					
	Contact is maintained with families where there are vulnerable pupils that are not attending school due to parent/carer decision and multi-agency arrangements are in place to support early help.					
	The approach and expectations around school uniform has been determined and communicated with parents.					
	Changes to the school day/timetables have been shared with parents.					
	The approach to preparing pupils for a return to academic work and new social situations is developed and shared by all teaching staff (This includes bringing together pupils who have remained in school during closure and those at home and celebrating non-academic achievements of pupils whilst at home/ during school closure).					
	Available large spaces and appropriate timetabling is identified e.g. dining areas, halls, studios, particularly in outdoor areas.					
	Arrangements are in place for before/after school clubs for them to implement the necessary protective measures.					
	Arrangements are in place to use of alternative sites in co-operation with the responsible organisation/body.					
	Re-orientation support for school leavers is developed.					
Online/website support for families and young people around transition is available.						

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Planning shortcomings</p>	<p>Plans are in place for transitions between school years taking into account what needs to be different due to partial opening, remote and face to face:</p> <ul style="list-style-type: none"> <li>• Early Years to Primary</li> <li>• Primary to Secondary</li> <li>• Vulnerable children</li> <li>• Children with SEND</li> <li>• Physical and sensory needs, including adaptations, equipment etc (lead in times)</li> <li>• Post 16</li> <li>• School Leavers</li> </ul> <hr/> <p>Ongoing communications (posters, emails, inductions, briefing, toolbox talks) are available/ provided to all staff and pupils, which includes:</p> <ul style="list-style-type: none"> <li>• Risks and symptoms of COVID-19</li> <li>• Advice regarding self-isolation of those showing signs or symptoms</li> <li>• Social distancing measures</li> <li>• Changes to timetable</li> <li>• Emergency procedures (i.e. first aid, fire)</li> <li>• Effective infection control including hygiene measures including modelling of appropriate hand washing and hygiene techniques (including catch it, bin it, kill it)</li> <li>• Recommendations on transport to and from school including encouraging pupils to walk or cycle to school where possible</li> <li>• Education resources such as e-bug and PHE</li> <li>• Expectations when in school and at home</li> </ul>			➤		

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Planning shortcomings</p>	<p>The impact of COVID-19 on families and whether any additional support may be required is considered concerning financial, increased free school meals eligibility, referrals to social care and other support and pupil premium grant / vulnerable groups.</p>			<p>➤ Due to the size of the school, which is classed as less than a bubble, the contact information remains constant. Any changes made are reported to the SBO.</p> <p>➤ No children travel to school via bus or taxi.</p> <p>➤ All wrap around care provision remains internal including the practitioners delivering these programmes.</p>		
	<p>The school has updated the behaviour policy to reflect the new rules and routines, and these changes have been communicated to staff, pupils and parents.</p>					
	<p>Staff, pupils and parents have received clear communications informing them of current government guidance on the actions to take should anyone display symptoms of COVID-19 and how this will be implemented in the school. See Appendix 1 (A3 flowchart).</p>					
	<p>The school maintains an up-to-date list (including contact information) for each member of staff, student and group/bubble to quickly identify all contacts and groups to which an individual belongs. These groups may include:</p> <ul style="list-style-type: none"> <li>• Teaching staff, rotary staff, supply staff, site staff, fixed teams, classmates, and others that provide additional in-school supports.</li> <li>• Pupils on the same bus route, the assigned driver and bus monitors.</li> <li>• Pupils attending before and after school programs</li> </ul>					
	<p>As part of the overall communications strategy parents are kept up to date with information, guidance and the school's expectations on a regular basis using a range of communication tools.</p>					
	<p>Parents are required to follow any relevant school risk assessments, rules, current Coronavirus (COVID-19) Government guidance and meet hygiene expectations, which should also be communicated in the home environment.</p>					
	<p>Information is sent to EYFS children to consider the types of clothes they send their child to school in e.g. elasticated waste trousers, skirts, Velcro shoes /trainers (any clothing that does not require adult assistance/supervision).</p>					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<i>(Continued)</i>						
Planning shortcomings	The school has sufficient provision to administer medication, first aid and provide intimate care, operating to the latest additional guidance <ul style="list-style-type: none"> <li>• PPE requirements for staff</li> <li>• PPE in Schools Quick Guide for Coronavirus (COVID-19).</li> </ul>			➤		
	The school understands the NHS Test and Trace process and how to contact our local <a href="#">Public Health England health protection team</a> . The schools have informed staff members and parents/carers the importance to engage with the NHS Test and Trace process to; <ul style="list-style-type: none"> <li>• provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace</li> <li>• <a href="#">self-isolate</a> if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19).</li> </ul>					
	PPE requirements are understood, and appropriate supplies are in place including long term approach to obtaining adequate PPE supplies.					
School safeguarding policy and procedures are not in place due to COVID-19	Consideration has been given to any children and young people who may need support with their return to school and consultation has been undertaken with the family and other agencies involved.			➤		
	Safeguarding remains highest priority and policy is updated to reflect changes.					
	All staff are briefed on updated safeguarding arrangements, including those contacting families of pupils that are not attending school.					
	Where appropriate, work with other agencies, such as social care, has been undertaken to support vulnerable children and young people to return to school.					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<i>(Continued)</i> School safeguarding policy and procedures are not in place due to COVID-19	<p>Where physical contact is required in the context of managing behaviour, appropriate hygiene measures are in place to mitigate any risk of transmission.</p> <p>All Designated Safeguarding Leads have access to advice from the Local Authority and multi-agency teams.</p> <p>The school considers dynamically any day to day changes to the health and safety arrangements including changes to evacuation procedures (depending on the use of classrooms), entry and exit points and Critical Incident and Lockdown procedures whilst factoring in social distancing requirements.</p>			➤		
Staffing arrangements unprepared	<p>Staffing numbers required for entire eligible cohort have been determined including support staff such as facilities, IT, midday and office/admin staff, first aiders, fire wardens.</p> <p>Including at least one of the following:</p> <ul style="list-style-type: none"> <li>• First aider (trained at the level for the relevant age group and associated risks of the school)</li> <li>• Designated Safeguarding Lead (DSL)</li> <li>• SENCO</li> <li>• Caretaker/Cleaner, site support staff</li> <li>• Office staff member</li> </ul> <p>Designated safeguarding leads are provided with more time where possible in the first weeks of term, to help them provide support to staff and children regarding any new safeguarding and welfare concerns and the handling of referrals to social care and other agencies.</p> <p>Designated Safeguarding Leads capacity is factored into staffing arrangements to ensure enough staff are available to deal with the potential increase in disclosures from pupils.</p>			➤		

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p><b>Staffing arrangements unprepared</b></p>	Individual risk assessments are in place following the Derbyshire County Council 'Guidance for Schools Individual Risk Assessment for Staff Categorised as at Higher Risk from COVID-19'.					
	Plans to respond to increased sickness levels are in place with cover arrangements determined (including leaders and safeguarding designated leads) – on a weekly rather than daily basis to minimise contacts.					
	Consideration has been given for staff to wear appropriate clothing who undertake personal care with pupils as they may need to change and wash them more regularly.					
	Approaches for meetings and staff training is in place.					
	Staffing roles and responsibilities with regards to the contingency of remote provision alongside in-school provision has been agreed and communicated.					
	Consideration has been given to the options for redeployment of staff to support the effective working of the school.					
	For any redeployment taking place, staff are aware of controls and processes in respect of tasks they are unfamiliar with.					
	Flexible and responsive use of teaching assistants and pastoral staff to supervise classes is in place.					
	Arrangements for accessing testing, if and when necessary, are in place and staff are clear on returning to work guidance (the Government are planning to issue test kits to schools in Autumn).					
	The approach for inducting new starters has been reviewed and updated in line with current situation.					
Return to school procedures are clear for all staff and arrangements to return any furloughed staff are in place.						

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p><b>Staffing arrangements unprepared</b></p>	The health status and availability of every member of staff is known and is regularly updated. Including all teaching and non-teaching staff.			<p>➤</p>		
	Staff receive regular briefings on day to day school matters.					
	Support for mental health and wellbeing is communicated to all staff and there are plans in place to check on staff wellbeing regularly, including senior leaders.					
	Flexible working arrangements needed to support any changes to usual working patterns are agreed.					
	Staff workload expectations are clearly communicated					
	Staff training required to implement any changes that the school plans to make, either delivered remotely or in school is scheduled.					
	Any HR processes that were in-train prior to or put on hold due to the COVID19 emergency, have been appropriately resolved.					
	Arrangements are in place for any visitors/ contractors on site, with protocols and expectations shared.					
	Arrangements are in place for any externally employed adults delivering learning in school e.g. sports coaches, music tutors, forest school leaders with protocols and expectations shared.					
	All children are included in distinct groups/ 'bubbles' that do not mix and the number of children in each bubble is as small as possible.					
	Staffing allocations to groups have been determined, minimising contact with multiple groups as much as possible.					
Consideration of available testing for school staff is updated according to latest government advice: <a href="#">Test and Trace</a> .						

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Classroom arrangements not organised	<p>Classroom layouts, entry and exit points, staggered starts at break times, class sizes, lunch queues have been considered and good ventilation implemented where possible.</p> <p>Classrooms have been re/arranged to allow as much space between individuals as practical.</p> <p>Appropriate resources are available within all classrooms e.g. IT, age specific resources. sharing of equipment is limited to the bubble.</p> <p>All furniture not in use has been removed from classrooms and teaching spaces with safe storage arranged for unused furniture.</p> <p>Shared materials and surfaces are cleaned and disinfected more frequently.</p> <p>Where shared materials are not cleaned between groups/bubbles they are left unused and out of reach for a period of 48 hours (72 hours for plastics).</p> <p>Non-essential equipment or resources, which are not easily washable or wipeable have been removed. This may include items such as soft furnishings, soft toys, cushions and beanbags in classrooms dependent on how effective they can be cleaned.</p> <p>Furniture has been arranged to minimise contact as much as possible e.g. Desks side by side, facing front, where age appropriate.</p> <p>Classroom/area arrangements are reviewed regularly.</p>			<p>➤ <b>Note;</b> studies suggest that coronaviruses (including preliminary information on the COVID-19 virus) may persist on surfaces for a few hours or up to several days. This may vary under different conditions (e.g. type of surface, temperature or humidity of the environment) e.g.</p> <ul style="list-style-type: none"> <li>➤ plastic up to 72 hours</li> <li>➤ stainless steel up to 48</li> <li>➤ cardboard 24 hours</li> <li>➤ copper 4 hours.</li> </ul>		
Classroom and timetable arrangements do not allow for all pupils to attend in line with guidance	<p>New timetables arrangements are agreed and confirmed for each year group to allow for reduced interaction between year groups whilst considering the need to move between basic class spaces.</p> <p>Consideration of staffing changes to cover absence has been undertaken.</p> <p>Arrangements in place to support pupils when not at school with remote learning at home.</p>			<p>➤</p>		

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Precautionary transmission measures not being followed in school	Staff, pupils and visitors will not be allowed in school if they are unwell with a new, continuous cough or a high temperature, or have a loss of, or change in, their normal sense of taste or smell (anosmia).			<p>➤ <b>Note;</b> parents, carers, schools and settings do not need to take staff, pupil or children's temperatures every morning. Routine testing of an individual's temperature is not a reliable method for identifying coronavirus</p> <p>➤ <b>Note;</b> hand washing in cold water - <i>Hand washing in hot water does not significantly affect the killing of germs, it's the washing of hands thoroughly with soap that does. That said, the problem with washing hands in cold water, may lead to adults/pupils/children/visitors not washing their hands thoroughly. If you find that is the case, you may want to introduce hand sanitiser as a short term measure.</i></p>		
	All persons should remain on site once they have entered the school premises unless they have a valid reason to leave, which has been authorised by a member of the senior management team whilst considering the risk of cross infection to others.					
	<p>Where safeguarding and security is not adversely affected, all</p> <ul style="list-style-type: none"> <li>• internal doors that are not designated fire doors</li> <li>• fire doors with automatic closers</li> <li>• doors that do not need to be kept closed for security reasons</li> </ul> <p>are left open during the day when building is in operation to reduce the risk of having to touch communal door handles and push plates</p>					
	Staff will follow the Derbyshire County Council 'PPE requirements for staff' guidance where required. <b>Note;</b> most staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others.					
	Hand sanitiser (alcohol hand gel 60% minimum) is available for use at multiple use touch screen sign in, touch screen payment and fingerprint ID contact points.					
	Staff and pupils do not wear face masks or face coverings in schools unless it is authorised by the Headteacher and identified as a requirement of a risk assessment.					
	Electronic/touch screen "signing in" systems are cleaned/wiped down regularly.					
	Visitors are informed/asked to use their own pen to sign in at reception (no school pens are kept with the sign in book/register).					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p>(Continued)</p> <p>Precautionary transmission measures not being followed in school</p>	The school uses a cashless system to limit cash handling.			<p>➤ <b>Note:</b> When it comes to ventilation and heating, the school will take a pragmatic approach to <b>AVOID STAGNANT AIR</b> that may include:</p> <ul style="list-style-type: none"> <li>• Areas are ventilated at the start and close of day.</li> <li>• Adequate ventilation and the use of internal fans and open doors (not fire doors unless they are designed to be open) to move air will reduce stagnant air and the risk of transmission in occupied spaces. <a href="#">HSE - Air conditioning and ventilation.</a></li> <li>• Many windows and external doors as possible are partially opened narrowly, rather than opening one or a limited number very wide (opening more windows and external doors narrowly will allow fresh air in but reduce drafts).</li> <li>• Windows/doors are closed in unoccupied rooms i.e. breaks and lunch breaks.</li> <li>• Staff and pupils are dressed appropriately i.e. attire/uniform flexibility, warm clothes/layers.</li> <li>• Heating systems adjusted to increase temperature.</li> <li>• Appropriate temporary heating equipment is used, and power capacity overloading managed.</li> </ul>		
	All staff, pupils and visitors will wash/sanitise (alcohol hand gel 60% minimum) their hands more often than usual, including before and after eating and before and after using shared equipment.					
	The school endeavours to keep equipment sharing to a minimum.					
	Hand sanitiser/sanitizing wipes station is next to the office's shared work equipment e.g. printers, fax machine, copier etc, so staff can clean their hands after each use.					
	Handwashing techniques are explained to all pupils and the supervision of pupil's washing hands correctly is periodically undertaken by staff.					
	<p>All pupils are asked and reminded to wash their hands;</p> <ul style="list-style-type: none"> <li>• before leaving home and on arrival at school</li> <li>• after using the toilet and after breaks and sporting activities</li> <li>• when they change rooms</li> <li>• before food preparation and eating any food, including snacks</li> <li>• before leaving school.</li> </ul>					
	The school has enough hand washing and/or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly.					
	<p>Teachers (and support staff) follow and regularly reiterate the hygiene message to pupils;</p> <ul style="list-style-type: none"> <li>• cover your cough or sneeze with a tissue</li> <li>• if you don't have any tissues available, then cough and sneeze into the crook of your elbow</li> <li>• throw the tissue in a bin</li> <li>• avoid touching your eyes, nose and mouth with unwashed hands.</li> </ul>					
	Hand washing facilities identified for each learning zone.					
	External doors and windows are opened and appropriately secured to allow additional ventilation, where possible (including offices).					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Precautionary transmission measures not being followed in school</p>	The amount of shared resources that are taken home and the exchange of take-home resources between children, young people and staff are limited.			<p>➤ <b>Note;</b> good hand hygiene helps stop the spread of COVID-19. Washing with soap and water is the best way to get rid of germs and using an alcohol-based sanitiser should be your second choice, because the benefit of soap is that mechanical friction from scrubbing produces a foam that can cover a large surface area and gets into every nook and cranny of your skin and also removes debris.</p> <p>➤</p>		
	Equipment and resources per child are provided for to prevent the sharing of stationery and other equipment where possible.					
	Any shared classroom materials and surfaces are cleaned and disinfected more frequently and between groups (including resources also used by wraparound groups).					
	Practical lessons can proceed if equipment is cleaned thoroughly and the classroom or other learning environment is occupied by the same children or young people in one day, or properly cleaned between groups.					
	The centralised ventilation system that removes and circulates air to different rooms is turned off. In these situations, advice is also sought from the schools facilities management/Property Services.					
	Where possible and weather permitting, the school will try to maximise the use of outdoor spaces for teaching.					
	Sufficient training is given to Teachers, if cleaning materials are to be placed in classrooms, including safe use and secure safe storage of products.					
	Bin liners are used in all bins and emptied daily.					
	Enhanced cleaning and disinfecting guidance are available to staff for use if required.					
	Adequate cleaning supplies are in place including longer-term arrangement for continual supply.					
	PPE in Schools Quick Guide for Coronavirus (COVID-19) has been shared with all relevant staff.					
PPE requirements are understood and appropriate supplies are in place.						

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Social distancing failure	<p>The schools will do everything possible to minimise contacts and mixing while delivering a broad and balanced curriculum. Applying an overarching principle to reduce the number of contacts between children and staff. This will always be dependent on;</p> <ul style="list-style-type: none"> <li>• <i>children's ability to social distance</i></li> <li>• <i>the lay out and facilities of the school</i></li> <li>• <i>the feasibility of keeping distinct groups separate while offering a broad curriculum (especially at secondary)</i></li> </ul>			<p>➤ <b>REMEMBER;</b> it is important that the smaller you can get the groups 'bubbles' whilst delivering a broad and balanced curriculum, the more effective your management of cross infection will be, and this will prove evident in the event of a confirmed COVID-19 case.</p> <p><b>Note;</b> The Government's guidance recognises that maintaining distance or forming bubbles could be particularly difficult in special settings, particularly given the need for staff to administer care support and provide therapies to the children and young people attending. However, the average number of pupils or students attending a special school or special post-16 institutions is much lower than the average number in a mainstream school, and this in itself, will help to limit the number of contacts for any individual.</p>		
	Year group sized 'bubbles' are implemented where class-sized groups are not compatible with offering a full range of subjects or managing the practical logistics within and around school.					
	After the school has assessed the manageable group 'bubble' sizes that suit the schools particular circumstances, they are kept apart from other groups where possible and older children are encouraged to keep their distance within groups.					
	Smaller groups the size of a full class is implemented where it can be achieved, as this helps to reduce the number of people who could be asked to isolate should someone in group become ill with Coronavirus COVID-19.					
	Steps to limit interaction, sharing of rooms and social spaces between groups is undertaken as much as possible to minimise transmission risks and to minimise the numbers of pupils and staff who may need to self-isolate in the event of a confirmed COVID-19 case.					
	The school is organised into zones per bubble, to reduce movement and interaction between bubbles in corridors and communal spaces.					
	All teachers and other staff who operate across different classes and year groups in order to facilitate the delivery of the school timetable will ideally try and keep a 2 metre distance from pupils and other staff as much as they can.					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Social distancing failure</p>	All essential face to face staff (adult) meetings are organised to maintain social distancing of 2m, or 1m with risk mitigation where 2m is not viable in well ventilated areas.			<p>➤</p> <p>➤ <b>Note;</b> although siblings may also be in different groups, endeavouring to keep these groups at least partially separate and minimising contacts between children will still offer public health benefits.</p>		
	Teaching assistants are deployed to lead groups or cover lessons, under the direction and supervision of a qualified teacher (any redeployments is not at the expense of supporting pupils with SEND).					
	Supply teachers, peripatetic teachers, SEND specialists and/or other temporary staff who move between schools should minimise contact where possible and maintain as much distance as possible from others.					
	Clear messaging to pupils on the importance and reasons for social distancing, reinforced throughout the school day by staff and through posters, electronic boards, and floor markings. For young children this is done through age-appropriate methods such as stories and games.					
	Pupils/children who would normally be in their class groups for the majority of the classroom time, can mix into wider groups for the provision of specialist teaching, wraparound care and transport.					
	The EYFS environment is re-organised to meet requirements of social distancing including groups who do not mix with other children or other small groups.					
	Arrangements for social distancing of younger school children have been agreed and staff are clear on expectations in line with DfE advice that unlike older children and adults, early years and primary age children cannot be expected to remain socially distanced apart from each other and staff always.					
	Resources are arranged to be used by small groups to limit the risk of cross contamination with unnecessary sharing avoided.					
	If EYFS staff are required to change young children’s nappies the correct PPE is worn when carrying out such intimate care (see PPE guidance).

<p><i>(Continued)</i></p> <p>Social distancing failure</p>	<p>As much as possible, pupils and staff social distance and are spaced apart and the following strategies are considered;</p> <ul style="list-style-type: none"> <li>• The use of staff rooms and offices are staggered to limit occupancy</li> <li>• Staff model social distancing consistently</li> <li>• Staggered school drop off/pick up times and locations (if possible) without reducing teaching time</li> <li>• Staggered or limited amounts of moving around the school/corridors</li> <li>• Classroom design to support social distancing/hygiene measures</li> <li>• Break and lunch times are staggered. Plans for social distancing during these times in place, such as when queuing for lunches</li> <li>• Circulation plans have been reviewed and amended</li> <li>• Circulation routes are clearly marked with appropriate signage</li> <li>• One-way systems are in operation where feasible</li> <li>• Corridors are divided where feasible</li> <li>• Appropriate supervision levels are in place</li> <li>• Large gatherings such as assemblies or collective worship with more than one group bubble are avoided.</li> <li>• Avoiding unnecessary gatherings</li> <li>• Social distancing floor markers are used where queues cannot be eliminated and pupils entering/leaving the classroom follow a "one person at a time" rule</li> <li>• The movement of pupils around the school is minimised</li> <li>• Outdoor space is encouraged (weather dependent)</li> <li>• Maximum occupancy of lifts to 2 persons where social distancing with mitigation can be achieved (side-by-side or facing away from each other) unless emergency or medical requirements necessitate more than 2 is in place with all staff and pupils informed.</li> </ul>			<ul style="list-style-type: none"> <li>➤ The approaches of separating groups and maintaining distance are not 'all-or-nothing' options and every measure taken will still bring benefits even if implemented partially.</li> <li>➤</li> </ul>		

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
<p><i>(Continued)</i></p> <p>Social distancing failure</p>	Lesson change overs are staggered to avoid overcrowding			<p>➤ <b>Note;</b> Schools are not expected to create NHS QR code posters for their entrance or their classrooms as they have registers. The school may use QR code posters if hosting an event with external guests on the premises, or if the premises are let out during evenings, weekends or holidays to external providers.</p> <p><a href="https://www.gov.uk/create-coronavirus-qr-poster">https://www.gov.uk/create-coronavirus-qr-poster</a></p>		
	Where possible, pupils stay in classrooms and staff move around					
	Break times and lunch times are structured and closely supervised					
	Any pinch points/bottle necks are identified and managed accordingly, with more intensive and regular cleaning of regular touch points.					
	Movement of pupils around the school is minimised and staggered to reduce large groups of pupils/staff gathering as much as possible (brief, transitory contact, such as passing in a corridor, is low risk).					
	Pupils are briefed regularly regarding observing social distancing guidance whilst circulating.					
	Senior leaders monitor areas where there are breaches of social distancing measures and arrangements are reviewed.					
	Staff implement social distancing and any other recommended measures as far as they are able, whilst ensuring children/pupils are kept safe and well cared for.					
	Where and when possible, groups will use direct external doors into classrooms to reduce the footfall along corridors and circulation routes					
	School entrance reception desk/point has a screen or a physical barrier that creates a 2-metre gap between the visitor and member of staff.					
	Visitors are reminded to keep a 2-metre gap between other visitors (use of social distancing floor markers are ideal in these areas).					
To reduce queues and face to face conversations, parents and any potential known visitor(s) to the school are informed to phone/email the school, if they have any queries.

Staff rooms and offices do not allow appropriate social distancing	<p>Staff rooms and offices have been reviewed and appropriate configurations of furniture and workstations have been put in place to allow for social distancing (2m, or 1m with risk mitigation where 2m is not viable).</p> <p>Staff workstations are assigned to an individual and not shared to allow them to maintain social distancing wherever possible. If they need to be shared, they are shared by the smallest possible number of people.</p> <p>Staff will not make drinks for each other and will take it in turns to use kitchen facilities, unless working closely together as a requirement of their work.</p> <p>Staff should use a dishwasher if possible, to clean cups, cutlery, plates etc. Staff should wash their hands before emptying the dishwasher. Staff will be responsible for washing their own cups etc. if no dishwasher available.</p>			➤		
School unable to meet full provision for children and young people (CYP) with SEND	<p>Approach to provision of the elements of the education health and care plan (EHCP) including health/therapies are in place.</p> <p>Consideration is given to any CYP who may need support with their return to school which involves consultation with the family and other agencies involved. Including any support required for CYP to understand new rules i.e. social distancing.</p> <p>Individual pupil's EHCP are reviewed to consider what can reasonably be provided whilst in school.</p>			➤ To support staff and pupils the Coronavirus (COVID-19) Pupil Specific (Send) Risk Assessment version 2, is available to download from DCC Health and Safety to use and put in place proportionate protective measures for pupils and staff for September 2020.		
Vulnerable people	<p>The DCC 'Individual Risk Assessment for Staff Categorised as at Higher Risk from COVID-19' is undertaken for those individuals who are identified by their GP to be clinically extremely vulnerable.</p> <p>The school follows the 'Updated guidance on vulnerable staff in schools during 2nd National Lockdown' dated 09/11/2020.</p> <p>Staff who are pregnant are taken through the existing 'Expectant and Nursing Mothers' risk assessment, which is carried out in conjunction with the DCC individual risk assessment for staff categorised as at Higher Risk.</p>			<p>➤ The DCC Individual Risk Assessment for Staff can be found at the following link below  <a href="https://schoolsnet.derbyshire.gov.uk/administration-services-and-support/coronavirus-information/human-resources-advice-for-school-based-employees.aspx">https://schoolsnet.derbyshire.gov.uk/administration-services-and-support/coronavirus-information/human-resources-advice-for-school-based-employees.aspx</a></p> <p>➤ Catering Manager to wear mask when entering classrooms to collect dinner list from pupils.</p>		

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Home visits to be undertaken by staff	Home visits are only undertaken if it is absolutely necessary.			➤		
	Staff will use their own vehicle to get to the visit and once they arrive, they will knock on the door and step back to maintain social distancing.					
	Staff will consider whether it is possible to have a conversation with parents and pupils via an open window.					
	Lone working risk assessments/procedures are adhered to at all times when undertaking home visits e.g. buddy systems, regular telephone contact with school.					
Pupils' behaviour on return to school does not comply with social distancing guidance	The school's behaviour policy has been revised to include compliance with social distancing and this has been communicated to staff, pupils and parents.			➤		
	All staff understand the new rules and routines, including the use of sanctions and rewards.					
	Approach to potential breaches of social distancing in place, including in the case of repeat or deliberate breaches; <ul style="list-style-type: none"> <li>• handwashing</li> <li>• social distancing</li> <li>• good hygiene to limit cross infection</li> <li>• code of conduct to be signed by students and parents for repeat offenders</li> <li>• Risks assessments around students who might struggle to follow expectations.</li> </ul>					
	Staff, pupils and parents are regularly reminded of their responsibilities and behaviours on the School site.					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Insufficient staff and pupil wellbeing	Cover arrangements for Headteachers/leaders are in place.			<p>➤</p> <p>➤ <b>Note;</b> some pupils with complex needs will struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant. This would be considered through a risk assessment process in order to support these pupils and the staff working with them and is not a reason to deny these pupils face to face education.</p>		
	Staff are aware of how to access support for issues such as anxiety, mental health, resilience, behaviour, including bereavement, behaviour in addition to safeguarding in general.					
	Staff have access to a range of support services and feel well prepared to support pupils with issues that are impacting on their health and wellbeing. This is differentiated for pupils attending school and those still at home.					
	Staff are mindful and supportive to pupils and fellow colleagues who may have experienced loss and require time to express their feelings.					
	Some pupils with SEND are provided with specific help and preparation for the changes to routines and teachers and special educational needs coordinators will have plans to meet these needs, for example using social stories.					
	Pastoral and extra-curricular activities provision is available to all pupils designed to: <ul style="list-style-type: none"> <li>• support the rebuilding of friendships and social engagement</li> <li>• address and equip pupils to respond to issues linked to coronavirus</li> <li>• support pupils with approaches to improve their physical and mental wellbeing (including accessing the Educational Psychology Service)</li> </ul>					
	The approach to promoting and supporting attendance for all pupils has been established, including those who may be anxious.					
	Staff caring for young children are vigilant for symptoms of COVID-19 and signs of illness that may be associated to it as per Government guidance.					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
The start and end of the school day create risks of breaching social distancing guidelines	Start and departure times are staggered.			➤		
	The number of entrances and exits to be used is maximised; where possible each year group to enter through its own access point.					
	Different entrances/exits are identified and used for different groups.					
	Staff and pupils are briefed, and signage provided to identify which entrances, exits and circulation routes to use.					
	When staff, pupils or visitors arrive at school wearing face coverings, they should be removed and disposed of in a covered bin (if enough space wheelie bin near the entrance) or if the face coverings are reusable they are placed in a sealed plastic bag to be taken home. After removing the face covering, individuals must wash their hand immediately. This process is communicated to all staff, pupils and parents.					
	A plan is in place for managing the movement of people on arrival to avoid groups of people congregating and parents are informed that gathering at school gates needs to be minimised.					
	Floor markings are visible where it is necessary to manage any queuing.					
	Attendance patterns have been optimised to ensure maximum safety.					
	A plan is in place for the effective and safe hand over of very young children at the beginning and end of the session - particularly around issues of responding to young children who are showing signs of distress.					
Parents should not enter the school buildings to drop off or collect children.						

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Inadequate social distancing and cross infection risk during Catering Service delivery	lunchtimes are staggered to align with start and finish times.			<p>➤ <b>Note;</b> in National or local lockdown alert level 'high' (tier 2) or 'very high' (tier 3) Derbyshire County Council Catering Service School Based Staff will wear face coverings in corridors and communal areas where social distancing is difficult to maintain unless the individual is exempt under Government guidance - <a href="#">Face coverings: when to wear one, exemptions, and how to make your own.</a></p> <p>(The is to support all schools with contact mitigation and ensure that the DCC Catering Service has consistency across all their staff as it is mandatory for secondary school staff and a discretionary decision by the Headteacher for primary and below school staff during national or local lockdown alert level 'high' (tier 2) or 'very high' (tier 3).</p>		
	Lunchtime arrangements are discussed with the school Catering Team to promote a cohesive approach to the service.					
	Arrangements for when and where each group will take lunch (and snack time if necessary) are in place so that pupils/children do not mix with pupils/children from other groups.					
	Dining tables and associated furniture with high traffic touch points are cleaned using an appropriate cleaning product between groups/bubbles.					
	Throughout meal service times, appropriate social distancing rules in queues, seating and eating are followed.					
	Staff, pupils and visitors are reminded to wash their hands prior to eating.					
	Groups are kept apart as much as possible and tables are cleaned between each group. Where this is not possible, pupils will have their lunch in their classrooms based on co-operation with and following all school/catering supplier/kitchen risk assessments.					
	Trays/crockery/utensils are handed to the pupils individually by a member of staff wearing appropriate PPE gloves to minimise cross infection.					
	Pupils do not carry plates/trays of food/drinks up or down stairs.					
Trays/crockery/utensils are returned to a designated point by the individual pupils/staff where possible.

<p><i>(Continued)</i></p> <p>Staff, pupils or visitors develops symptoms of coronavirus (COVID-19) on site</p>	<p>The school will inform the relevant staff/parents to follow the <a href="#">Stay at home guidance</a>.</p> <p>Staff (or visitor) will self- isolate and take the journey home by car. If they require the use of a taxi, they should wear a face mask (provided by the school).</p> <p>Staff and Headteacher/Manager/Senior Leadership Team undertake appropriate communications arrangements for wellbeing purposes.</p> <p>Enhanced cleaning is undertaken in the classrooms, offices and any other room(s) used by the person with symptoms of coronavirus (COVID-19).</p> <p>If someone tests negative, if they feel well and no longer have symptoms similar to coronavirus (COVID-19), they can stop self-isolating.</p>			➤		
<p>Confirmed staff or pupil Covid-19 case</p>	<p>If someone tests positive, they will follow the '<a href="#">stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection</a>' and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste (<i>This is because a cough or anosmia can last for several weeks once the infection has gone</i>).</p> <p>The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 14 days.</p> <p>Classrooms(s), offices and other room(s) used by the member of staff or pupil with a confirmed case of Covid-19, are closed off for enhanced cleaning. Where cleaning and disinfecting is not required <u>immediately</u>, for instance where we can use another room/classroom /office then, and where practical to do so, the process will be delayed for 72 hours, during which time these areas will be secured with appropriate signage on the door 'Closed for Cleaning'.</p>			<p>➤ <b>Note;</b> schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation</p> <p>➤ The 14-day period starts from the day when the first person in the household became ill or if they do not have symptoms, from the day their test was taken.</p>

<p><i>(Continued)</i></p> <p>Confirmed staff or pupil Covid-19 case</p>	Areas where the individual has passed through and spent minimal time, such as corridors, but which are not visibly contaminated with body fluids are cleaned thoroughly as normal.			➤		
	Adequate waste disposal arrangements are in place to dispose of contaminated equipment following an enhanced cleaning and disinfecting of coronavirus (Covid-19).					
	Sufficient and suitable equipment is available for the required clean.					
	When the school becomes aware that someone (who has attended) has tested positive for coronavirus (COVID-19), contact is made with the local health protection team <i>(this team will also contact schools directly if they become aware that someone who has tested positive for coronavirus (COVID-19) attended the school)</i> – as identified by NHS Test and Trace.					
	<p>The health protection team will work with schools in the above situation to guide them through the actions they need to take. Based on the advice from the health protection team, schools must send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 14 days since they were last in close contact with that person when they were infectious. Close contact means:</p> <ul style="list-style-type: none"> <li>• direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</li> <li>• proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual travelling in a small vehicle, like a car, with an infected person</li> </ul>

<p>(Continued)</p> <p>Confirmed staff or pupil Covid-19 case</p>	<p>To support the Test and Trace process a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups is recorded. <b>Note;</b> <i>You do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome.</i></p> <p>If there are two or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, the school will continue to work with their local health protection team who will be able to advise if additional action is required in the event of an outbreak.</p> <p>A flowchart is available at the end of this document as APPENDIX 1 for dealing with Coronavirus (COVID-19) suspected and confirmed cases.</p> 			➤		

**Note;** In consultation with the local Director of Public Health, where an outbreak in a school is confirmed, a mobile testing unit may be dispatched to test others who may have been in contact with the person who has tested positive. Testing will first focus on the person's class, followed by their year group, then the whole school if necessary, in line with routine public health outbreak control practice.

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to	Date to be actioned
<p><b>National / local</b> lockdown alert level 'high' (tier 2) or 'very high' (tier 3)</p>	<p>Staff have been fully briefed on the action planning for local lockdown or outbreak.</p> <p>In National or local lockdown alert level 'high' (tier 2) or 'very high' (tier 3) all staff and pupils in Y7 and above will wear face coverings in corridors and communal areas where social distancing is difficult to maintain unless exempt.</p> <p>When face coverings are not in use, they are kept with the individual in a sealed bag e.g. freezer type.</p> <p>The school and staff understand that some individuals are exempt from wearing face coverings e.g. those who cannot put on, wear or remove a face covering because of a physical or mental illness or impairment, or disability, or if you are speaking to or providing assistance to someone who relies on lip reading, clear sound or facial expression to communicate.</p> <p>Face coverings are worn correctly and that clear instructions are provided to staff, children and young people on <a href="#">how to put on, remove, store and dispose of face coverings</a></p> <p>The school has a small provision of face covering which are available in the event of a pupils/staff not having one on them. These are issued in resealable plastic (freezer type) bags for hygiene and storage when face covering is not required to be worn.</p>			<p>➤ <b>Note;</b> In primary schools and education settings teaching year 6 and below during National or local lockdown alert level 'high' (tier 2) or 'very high' (tier 3), it is not mandatory for staff and visitors to wear face coverings. In situations where social distancing between adults in settings is not possible (e.g. when moving around in corridors and communal areas), settings have the discretion to recommend the use of face coverings for adults on site, for both staff and visitors.</p> <p>➤ <b>Outside of where national/local restrictions (lockdown) apply,</b> schools have the discretion to recommend the use of face coverings for staff, visitors and pupils in Y7 and above within indoor communal areas where social distancing cannot be safely managed.</p>		
<p>Offsite Visits breach Coronavirus (COVID-19) restrictions</p>	<p>It is noted that Autumn term trips can commence, however they must be non-overnight trips only. The Derbyshire County Council Schools Visit Service have written a COVID-19 Risk Assessment, which is available on Evolve, this will be completed for each trip in addition to the All Visits Risk Assessment.</p> <p>All Forest School activities will be risk assessed accordingly and follow the Derbyshire School Visits Approval and Monitoring Service (EVOLVE) procedures.</p>			<p>➤</p>		

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Out of school provision inadequate	<p>Where it is not possible, or it is impractical to group children in the same bubbles as they are in during the school day. Children are grouped with the same children each time wherever possible (in groups of 15 children max) and at least one staff member, depending on the type of provision or size of the group.</p> <p>The school follows Government guidance for <a href="#">out of school provision</a>.</p> <p>Up-to-date records of the children attending are kept for at least 21 days, including the schools or early years setting that they attend and the specific groups and members of staff they have been assigned to within our setting in order to review groups where required.</p> <p>All hygiene and social distancing measures featured throughout this risk assessment are incorporated where applicable to ensure protective measures are in place e.g.</p> <ul style="list-style-type: none"> <li>• Each table will have their own basic resources (such as pens and paper for drawing), which will be kept on their tables.</li> <li>• Other activities will be rotated daily between groups, allowing for cleaning of this equipment.</li> <li>• Children will be served their breakfast at their table, to prevent them moving around the area if it is shared by other groups/bubbles.</li> <li>• Children will wash their hands/use sanitiser on entry to the out of school provision area and when they leave to go to class.</li> <li>• Tables and associated furniture with high traffic touch points are cleaned using an appropriate cleaning product after each session.</li> <li>• Cutlery and crockery will be cleaned effectively.</li> <li>• Staff will follow all hygiene requirements when preparing and serving food.</li> </ul>			<p>➤ During national lockdown, out of school provision should only be available if all 4 points can be achieved:</p> <ol style="list-style-type: none"> <li>1. If it is safe to do so e.g. if existing school day bubbles remain consistent.</li> <li>2. The school follow the <a href="#">Protective measures for holiday or after-school clubs and other out-of-school settings for children during the coronavirus (COVID-19) outbreak</a> guidance.</li> <li>3. Parents follow the <a href="#">Guidance for parents and carers of children attending out-of-school settings during the coronavirus (COVID-19) outbreak</a> guidance.</li> <li>4. Out of school provision is for those parents to enable them going to work, finding work, undertaking training or education.</li> </ol>

<p>Trim Trail and use of outdoor play equipment hygiene shortcomings</p>	<p>Cleaning is focused on high traffic touch points between different groups 'bubbles' e.g.</p> <ul style="list-style-type: none"> <li>• entry and exit points such as gates</li> <li>• enclosed crawl through 'tunnels' or tube slides</li> <li>• climbing frames</li> <li>• slides</li> <li>• play towers</li> <li>• play huts</li> <li>• crawl tunnels</li> <li>• exercise bars</li> <li>• gym equipment</li> <li>• benches</li> <li>• picnic tables</li> </ul> <p>Cleaning products are used that are effective and can be used in a way that does not expose pupils to additional risk e.g. only using certain chemicals when children are not around or ensuring that the product used does not affect the surface of the equipment's intended use e.g. it does not leave a slippery residue for climbing points that could lead to loss of grip/traction.</p> <p>Equipment is limited to a defined group/bubble when in use and it is cleaned before being used by the next group/bubble.</p> <p>Instructions for the products they use are followed by staff including for example leaving chemicals applied for a period of time before wiping them off.</p> <p>Social distancing is maintained where possible and pupils wash their hands after using the equipment at the end of the activity/session/playtime.</p>			<p>➤ <b>Note;</b> studies suggest that coronaviruses (including preliminary information on the COVID-19 virus) may persist on surfaces for a few hours or up to several days. This may vary under different conditions (e.g. type of surface, temperature or humidity of the environment) e.g.</p> <ul style="list-style-type: none"> <li>➤ plastic up to 72 hours</li> <li>➤ stainless steel up to 48</li> <li>➤ cardboard 24 hours</li> <li>➤ copper 4 hours.</li> </ul>		

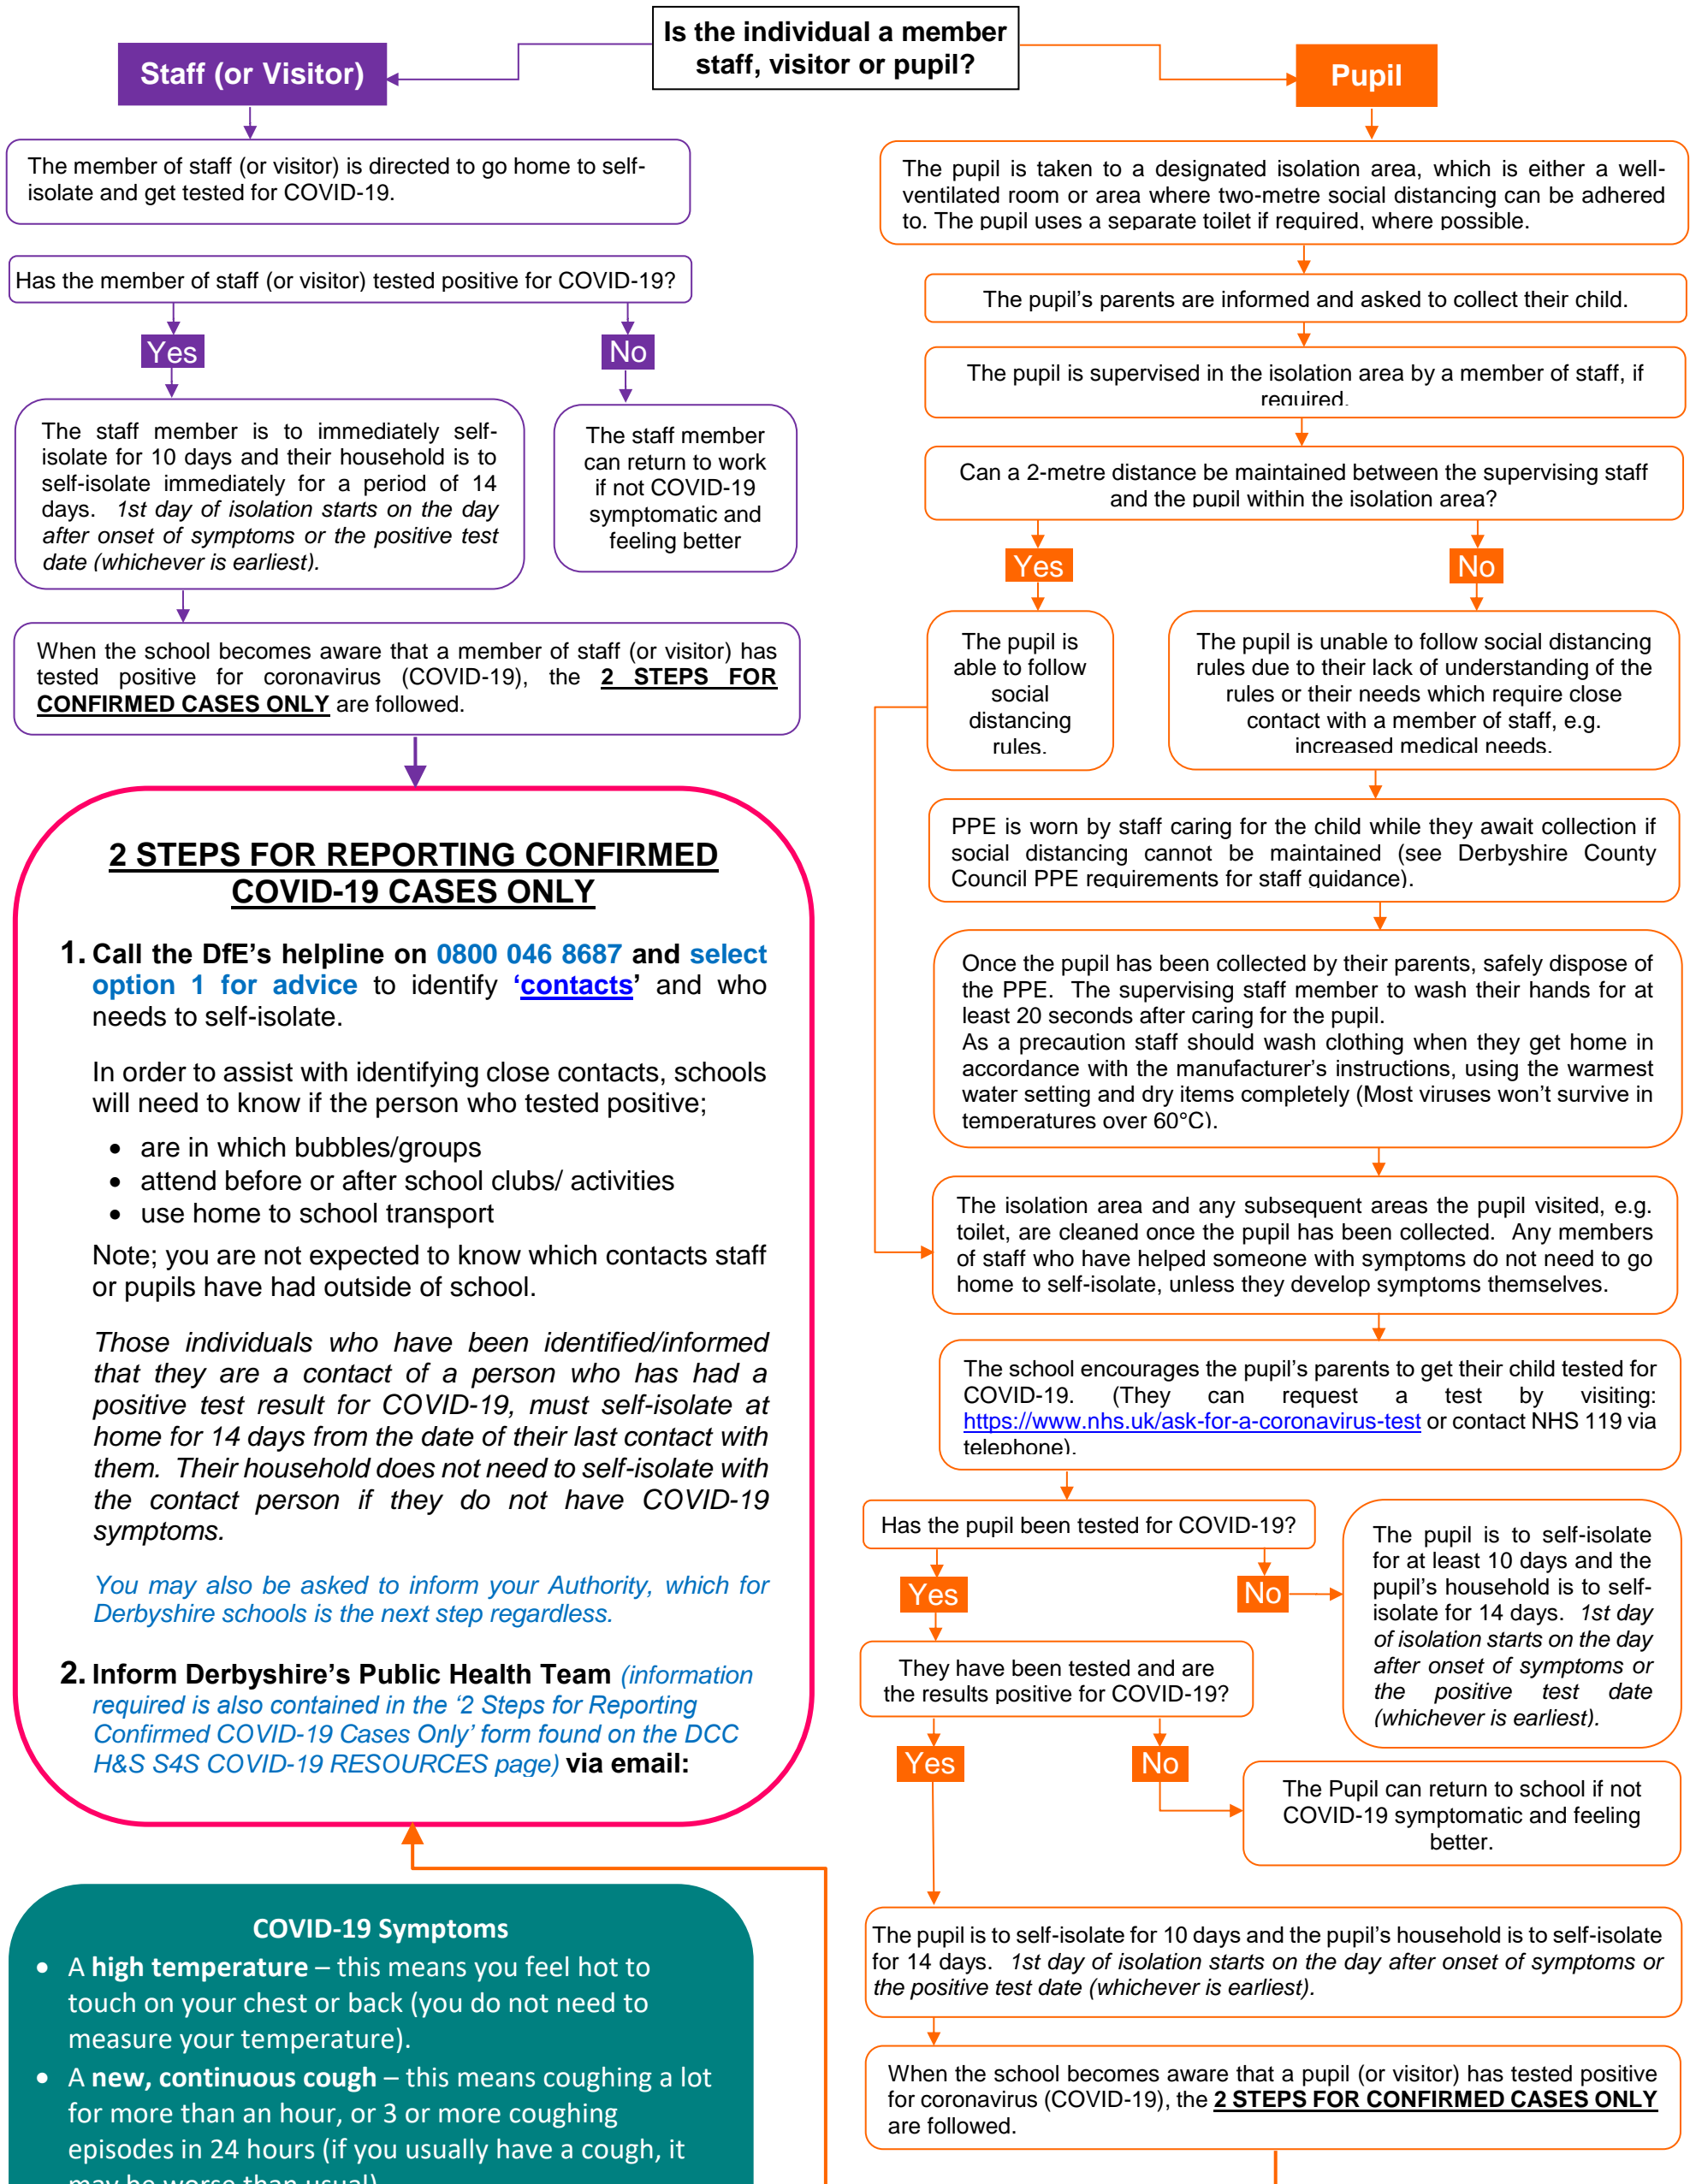

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Site staff vulnerable to Covid-19	Site staff follow social distancing measures wherever possible (2m, or 1m with risk mitigation where 2m is not viable).			➤		
	<p>When it is not practicable to comply with the 2metre social distancing guidelines the following is used:</p> <ul style="list-style-type: none"> <li>• Back to back or side to side working (rather than face to face) whenever possible.</li> <li>• Keeping the activity time involved as short as possible is carried out.</li> <li>• Increasing the frequency of hand washing and surface cleaning.</li> <li>• Using screens or barriers to separate people from each other.</li> <li>• Reducing the number of people each person has contact with by using "fixed teams or partnering" where staff have to work in close proximity (so each person works with only a few others).</li> <li>• Limit the amount of different equipment or surfaces that people need to touch.</li> </ul>					
	Where PPE is worn, employees will appropriately use, apply and dispose of all PPE. Employees must wash their hands before putting on and removing PPE.					
	Where tools are loaned, hand hygiene measures are be adhered to before and after using the loaned tools.					
	Antibacterial wipes are available to wipe down any shared tools/equipment.					
	As it may not be possible to clean all touch points on work equipment regularly, staff should adopt good hand hygiene before and after using the equipment.					
	Staff sit socially distanced during breaks to eat/drink.					

What are the hazards?	Generic Control Measures	✓ X N/A	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Use of work vehicles cross infection hygiene failings	Vehicles are cleaned regularly, and in between different users.					
	Cleaning products used that are effective are appropriate to the vehicle and contact points being cleaned.					
	<p>All cleaning carried out is focused on high traffic touch points e.g.</p> <ul style="list-style-type: none"> <li>• handles (inside and out)</li> <li>• steering wheel and starter button</li> <li>• centre touchscreen and stereo</li> <li>• handbrake and gearstick</li> <li>• keys and key fob</li> <li>• indicators and wiper stalks</li> <li>• windows, mirrors and mirror switches, seat adjusters any other controls</li> </ul>

# Appendix 1 Coronavirus (COVID-19) Symptomatic – Confirmed Case Flowchart

## 2 STEPS FOR REPORTING CONFIRMED COVID-19 CASES ONLY

1. Call the DfE's helpline on **0800 046 8687** and select **option 1 for advice** to identify **'contacts'** and who needs to self-isolate.

In order to assist with identifying close contacts, schools will need to know if the person who tested positive;

- are in which bubbles/groups
- attend before or after school clubs/ activities
- use home to school transport

Note; you are not expected to know which contacts staff or pupils have had outside of school.

*Those individuals who have been identified/informed that they are a contact of a person who has had a positive test result for COVID-19, must self-isolate at home for 14 days from the date of their last contact with them. Their household does not need to self-isolate with the contact person if they do not have COVID-19 symptoms.*

*You may also be asked to inform your Authority, which for Derbyshire schools is the next step regardless.*

2. Inform Derbyshire's Public Health Team (information required is also contained in the '2 Steps for Reporting Confirmed COVID-19 Cases Only' form found on the DCC H&S S4S COVID-19 RESOURCES page) **via email:**

### COVID-19 Symptoms

- A **high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature).
- A **new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual).
- A **loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal.

We're Here to Help
