

**Hosted by Derbyshire's Autism Alliance:
supported by Autism Information & Advice and
Living Well With Autism.**

**Family Q&A and open discussion with Felicity & Karen - two
experienced supporters of families living with Autism.**

Wednesday 24th February 2021, 3-4pm, ZOOM.

Join us for what promises to be a really informative Q&A and open discussion session for families living with Autism. Felicity is an experienced family and relationship therapist and Karen is an expert by experience and local family hub coordinator for Autism East Midlands and has a wealth of knowledge about supporting families living with ASC. The topic for the session is 'Neurodiverse families during the pandemic' and the challenges families living with ASC have faced during the national lockdowns. Karen will also update attendees on what support Autism East Midlands can offer. All in Derbyshire and Derby are welcome to join the session to discuss their experiences. If talking isn't for you, you can still join and just listen.

To book your place on this event email:
autismservice@citizensadvicemidmercia.org.uk or call: 01332 228790.
We will then share with you the Zoom log-in details.
