

PE& School Sport Premium funding- Report to Governors- 7.2.18

- **Sport Premium Funding Briefing for Head Teachers and Governors-** I reported on this session at the previous Governor meeting. Following this meeting Mrs Flower, with myself, have spent some considerable time to establish exactly how much money will be available for us during 2017/18. It is not the £16,000 we originally thought as the calculation is made on the number of children in Years 1-6 and does not include the Early Years children (4). The confirmed total is £13,000. A spreadsheet has been produced and will be used to allocated funds to the appropriate areas aligned to the 2017/18 Action Plan and Impact Document. Both of these documents will be on the school website by April 2018, as is legally required. The 5 KPI's are: -
- 1) All children engaged in 60 minutes of physical activity daily, of which 30 minutes should be in school.**
 - 2) PE&SS used as a tool for whole school improvement**
 - 3) Increase confidence, knowledge and skills of staff to deliver PE**
 - 4) Increase range of experience accessed by all pupils**
 - 5) Increased participation in competitive sport**

All children engaged in 60 minutes of physical activity daily, of which, 30 minutes should be in school. - This will be addressed primarily by The Change 4 Life Champions- 2 year 5 pupils- who attended the C4L conference with Mrs Broomhead on 8th January. They will, using resources ordered from Youth Sports Trust (YST) be running a sports club for identified, invited children to participate in during lunch time. Parents have been informed and the staff will monitor and support the champions and children's response. This project also involves Healthy Eating programme which is admirably supported by the Breakfast Club (see Breakfast/ After School – Extended support report February 2018)

PE&SS used as a tool for whole school improvement- The numeracy project with Dr Tim Blackwell, which is referenced in the Governor's Curriculum report- Numeracy February 2018; has been costed and refined. A more detailed report will be available after SATS.

Increase confidence, knowledge and skills of staff to deliver PE-This is still the area of greatest concern; however, discussions with "Rugger Ed" will take place in preparation for them to deliver a programme to address this from September 2018. Also some discussion are being held with Mr Ian Duckmanworth who may be able to support during the summer term

Increase range of experience accessed by all pupils- this is being managed well, new activities will be introduced in the summer term

Increased participation in competitive sport- The participation and results of BIGGHARTS are recorded on the noticeboard, acknowledged at Celebration assemblies as well as being confirmed in the bi-monthly Parish Magazine- News and Views.

PE Conference – March 16th – Anthony Gell School- Year 5 pupils with Mrs Broomhead will receive training on how to effectively run a School Sports Organiser Crew in order to achieve GOLD school Games Mark

Mrs Flower, with Mrs Broomhead, are responding positively to the many initiatives which are made available to the school, including TEAM UP; GET SET, SPORTS RELIEF and YST Activation. We do, at times, feel overwhelmed by all of these and need to ensure we prioritise what is most important for the children of this school.

Liz Broomhead February 2018
