Code of Conduct for Parents and Visitors to our School

To promote a harmonious and kind atmosphere where everyone supports our values.

These are our expectations of people's behaviour when on our grounds or discussing school using social media platforms:

- Parents and visitors will comply with our Safeguarding and Health and Safety policies and expectations and will ensure they are familiar with the above
- They comply with all requests from staff
- They speak politely and calmly
- They are respectful of staff, our pupils and one another
- They move around our school safely and with regard for others
- If they see or hear a problem, they inform a member of staff as quickly and quietly as possible and they allow us to deal with it
- They reinforce the school rules and expectations with their children
- They dress and conduct themselves appropriately and seek advice where this is unclear
- The abuse of staff or the reference to school in an abusive or inflammatory manner via social media will be deemed as unacceptable behaviour and we will ask for social media posts of this nature to be removed

A breach of this code may result in stress, worry or other harm to a child or a member of staff or other parents/visitors.

Remember that a warning letter or even a ban from the school site may be a consequence of a breach of this code.

Thank you.

Staff, Pupils and Governing Body
